Our **Bradford, Safer Schools Virtual Launch** is geared towards showcasing our **FREE award-winning 'Safer Schools App, resources and training'** and the benefits to schools who have their full programme of insurance with Zurich Municipal.

In this exclusive online event, delegates will discover more about our Safer Schools offering; that includes a **FREE* customised app, resources and training designed by 'Ineqe Safeguarding Group' in partnership with 'Zurich Municipal'**.

Ineqe Safeguarding Group was founded by our CEO Jim Gamble QPM, the founder and former Head of CEOP.

Safer Schools has been created to combat contemporary issues that young people, educators and parents are facing online/offline, providing a platform for referral and general safeguarding techniques.

We understand the importance of keeping children and young people safer. Providing solutions to the various issues facing parents, carers and those responsible for educating and empowering our adults of tomorrow.

Whether you're concerned in relation to Social Media, Gaming, Bullying, Sexting, Mental Health or would like to attain CPD Accreditation, it is all covered extensively.

Workshop Options:

Workshop 1: Safer Schools App Demo with Q&A (30 minutes)

Do you want to explore what's available to you on our award-winning Safer Schools App? Then this workshop is for you! We will show you the App's key features and content through a live demonstration. This will include how you can access your news hub and its customisable content for your school, the online safety section where you will find information on social media and gaming platforms, image sharing, and much more! We will show you how you can test your knowledge through CPD Certified courses in our Digital Test section and answer any questions you have about the App.

Workshop 2: Safer Schools Portal Demo with Q&A (30 minutes)

Discover how to harness the benefits of your digital toolkit to enhance communication of key safeguarding messages, school announcements and capture feedback through our user-friendly management platform. In this workshop, we will give you a live demonstration of how to create and send push notifications, how to communicate & monitor your schools digital test results, authorise in-app group messaging, upload & share surveys and customise your Safer Schools App. If you are overseeing Safer Schools in your school or you're the school Safeguarding lead, then this session is for you!

Workshop 3: Safer Schools Resources and Training (30 minutes)

If you are looking for contemporary resources for the classroom and relevant training for the staffroom, then this workshop is for you. We will explore the free resources available to you on our Teach Hub to see the range of PowerPoints, animations, lesson plans, crib notes and activities on topics such as image sharing, influencers and more! We will show you our Safer Schools iAcademy, our brand-new Desktop online safeguarding training platform, providing you with on-demand CPD Certified courses including our new healthy online relationships course created for secondary aged students.

Next steps (10 minutes)

We will round up this session with practical tips on how you can move forward on your Safer Schools journey.
